

WHY GLEN-GERY THIN TECH® ?

Glen-Gery is the only brick manufacturer that produces a thin veneer metal panel system for brick and stone that is suitable for exterior and interior usage.

The Glen-Gery Thin Tech® Advantage

Classic Series: The Traditional Choice

Elite Series: You're Choice for Superior Performance

- Glen-Gery Thin Tech features a thick metal panel which increases rigidity and strength
- Glen-Gery Thin Tech offers the widest support tie dimension allowing maximum support coverage for each and every thin brick or stone
- Glen-Gery Thin Tech has 9 support tie spacing variations along with 3 support tie lengths offering the widest variety of veneer sizes
- Our support tie configuration allows for a True Integrated Mechanical Connection
- Stucco embossed texture enables moisture to escape from either front or back of panel
- Our Elite Panel is the only panel of its kind to feature an integrated drainage and air flow cavity system
- Glen-Gery Thin Tech offers up to a fifty-year warranty
- Glen-Gery Thin Tech is supported by one of the largest brick manufacturers in the country and one of the largest building products companies in the world
- We provide the largest selection of thin brick and thin stone products
- We offer the widest variety of custom brick and stone shapes
- A fully staffed technical support department
- We maintain a complete inventory for expedient deliveries

Glen-Gery Thin Tech is a mechanical support and spacing panel for thin masonry veneers. The strongest, most durable thin veneer panel system ever designed. Each thin brick, tile or stone is supported by our patent pending support ties that mechanically interlocks the masonry veneer to the panel.

Contact a Glen-Gery Thin Tech representative today to discuss the options and benefits of designing with thin veneer masonry.
