+ About Glen-Gery

Our expansive manufacturing and sales facilities across the United States allow us to offer a broad product portfolio. This, coupled with our unique import opportunities made possible by our affiliation with Brickworks, enables Glen-Gery to service the growing demands of the building industry. We've searched the globe for the most premium building products that we can offer our customers. The international collection ranges from handmade Italian glass brick to long, linear units from Italy and bold through-the-body extruded brick from Spain. Make a statement of your design sensibilities with these uniquely sophisticated products.

The world at your fingertips.

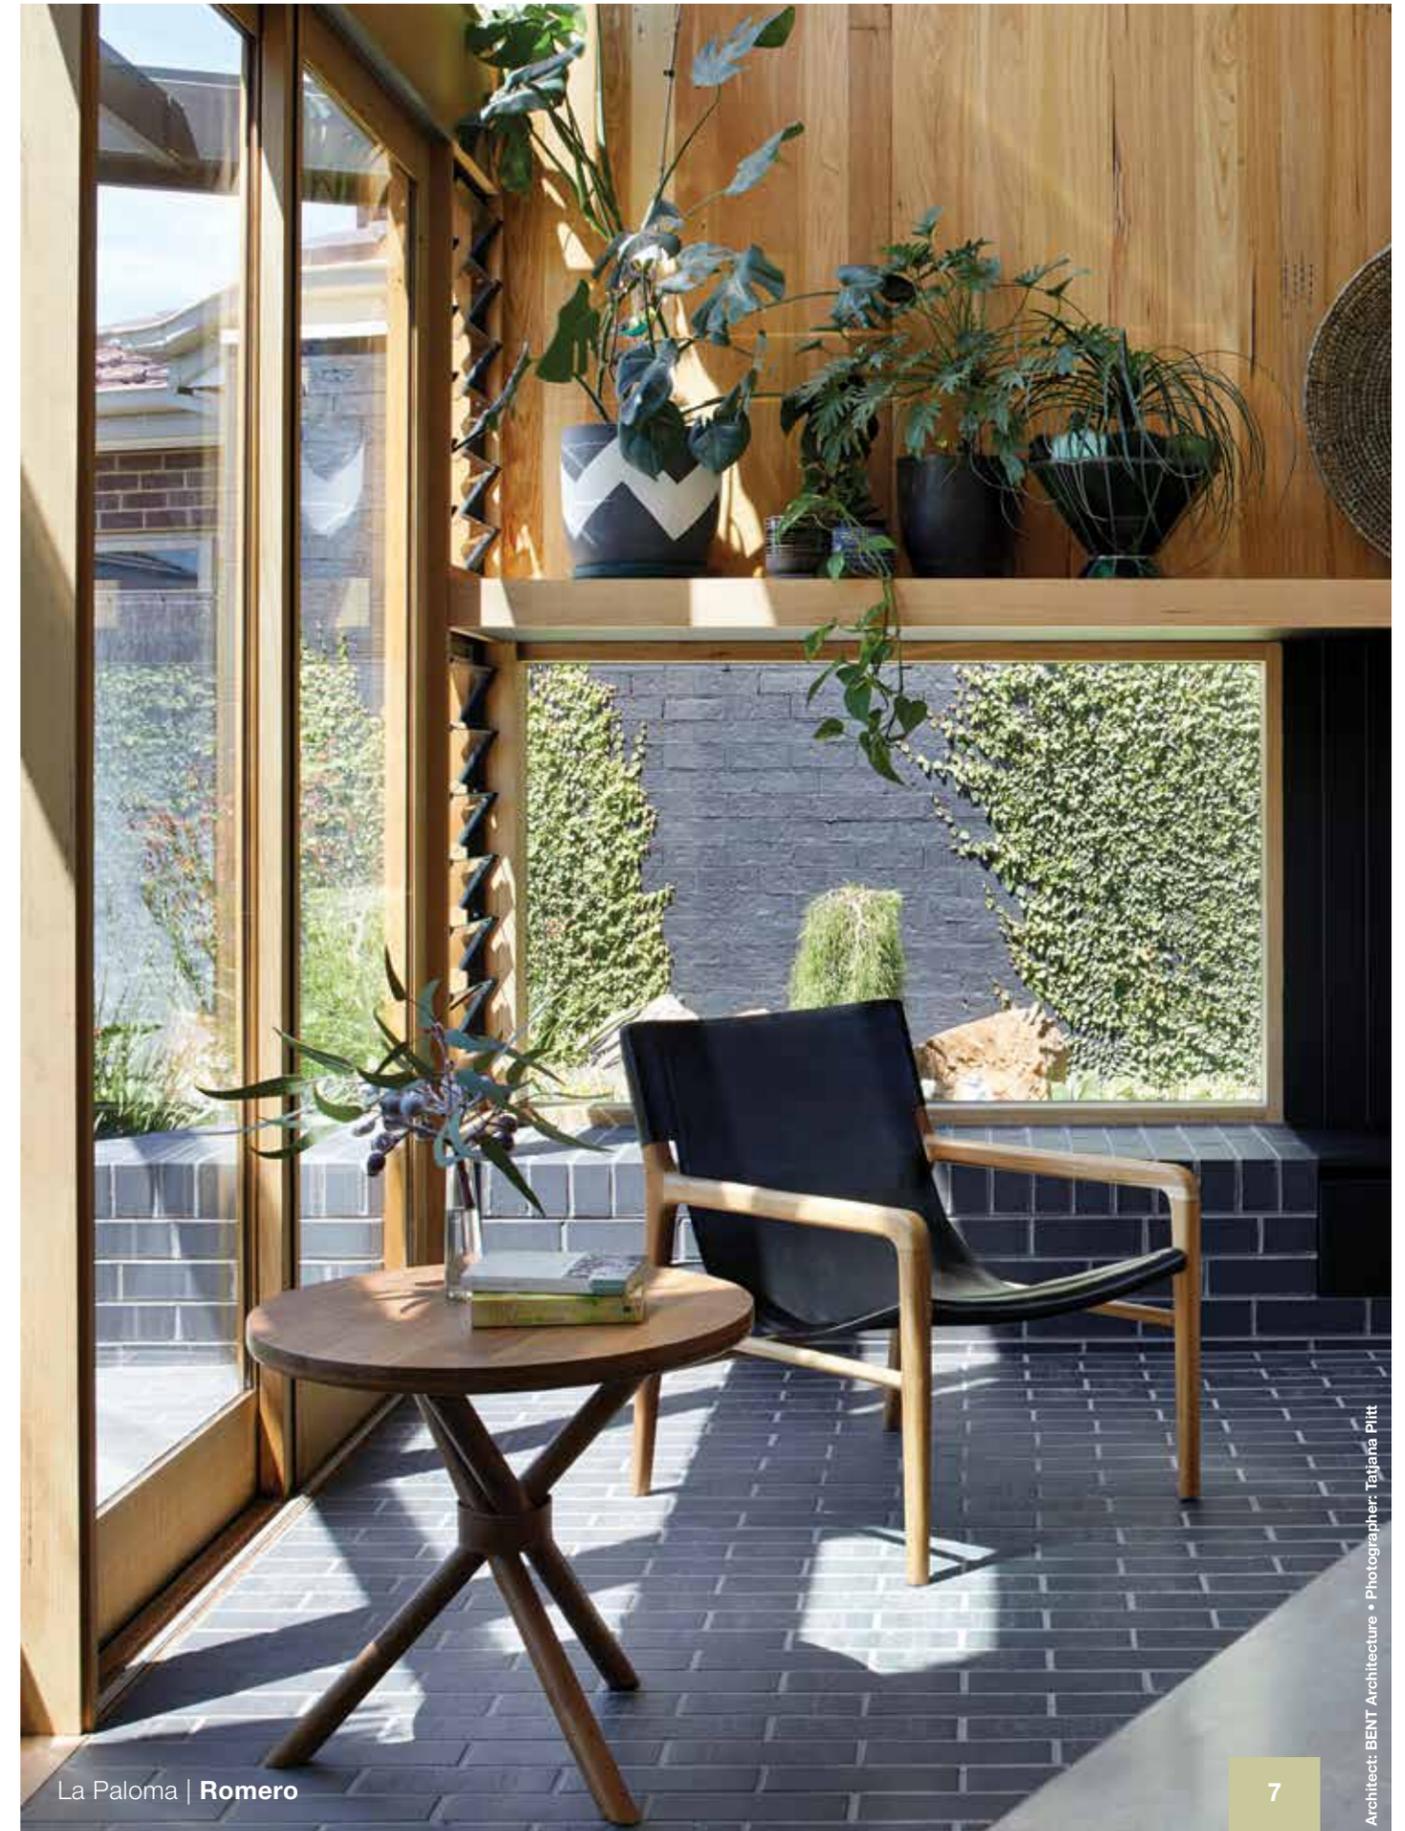

IMPORTING THE FINEST MATERIAL FROM AROUND THE GLOBE.

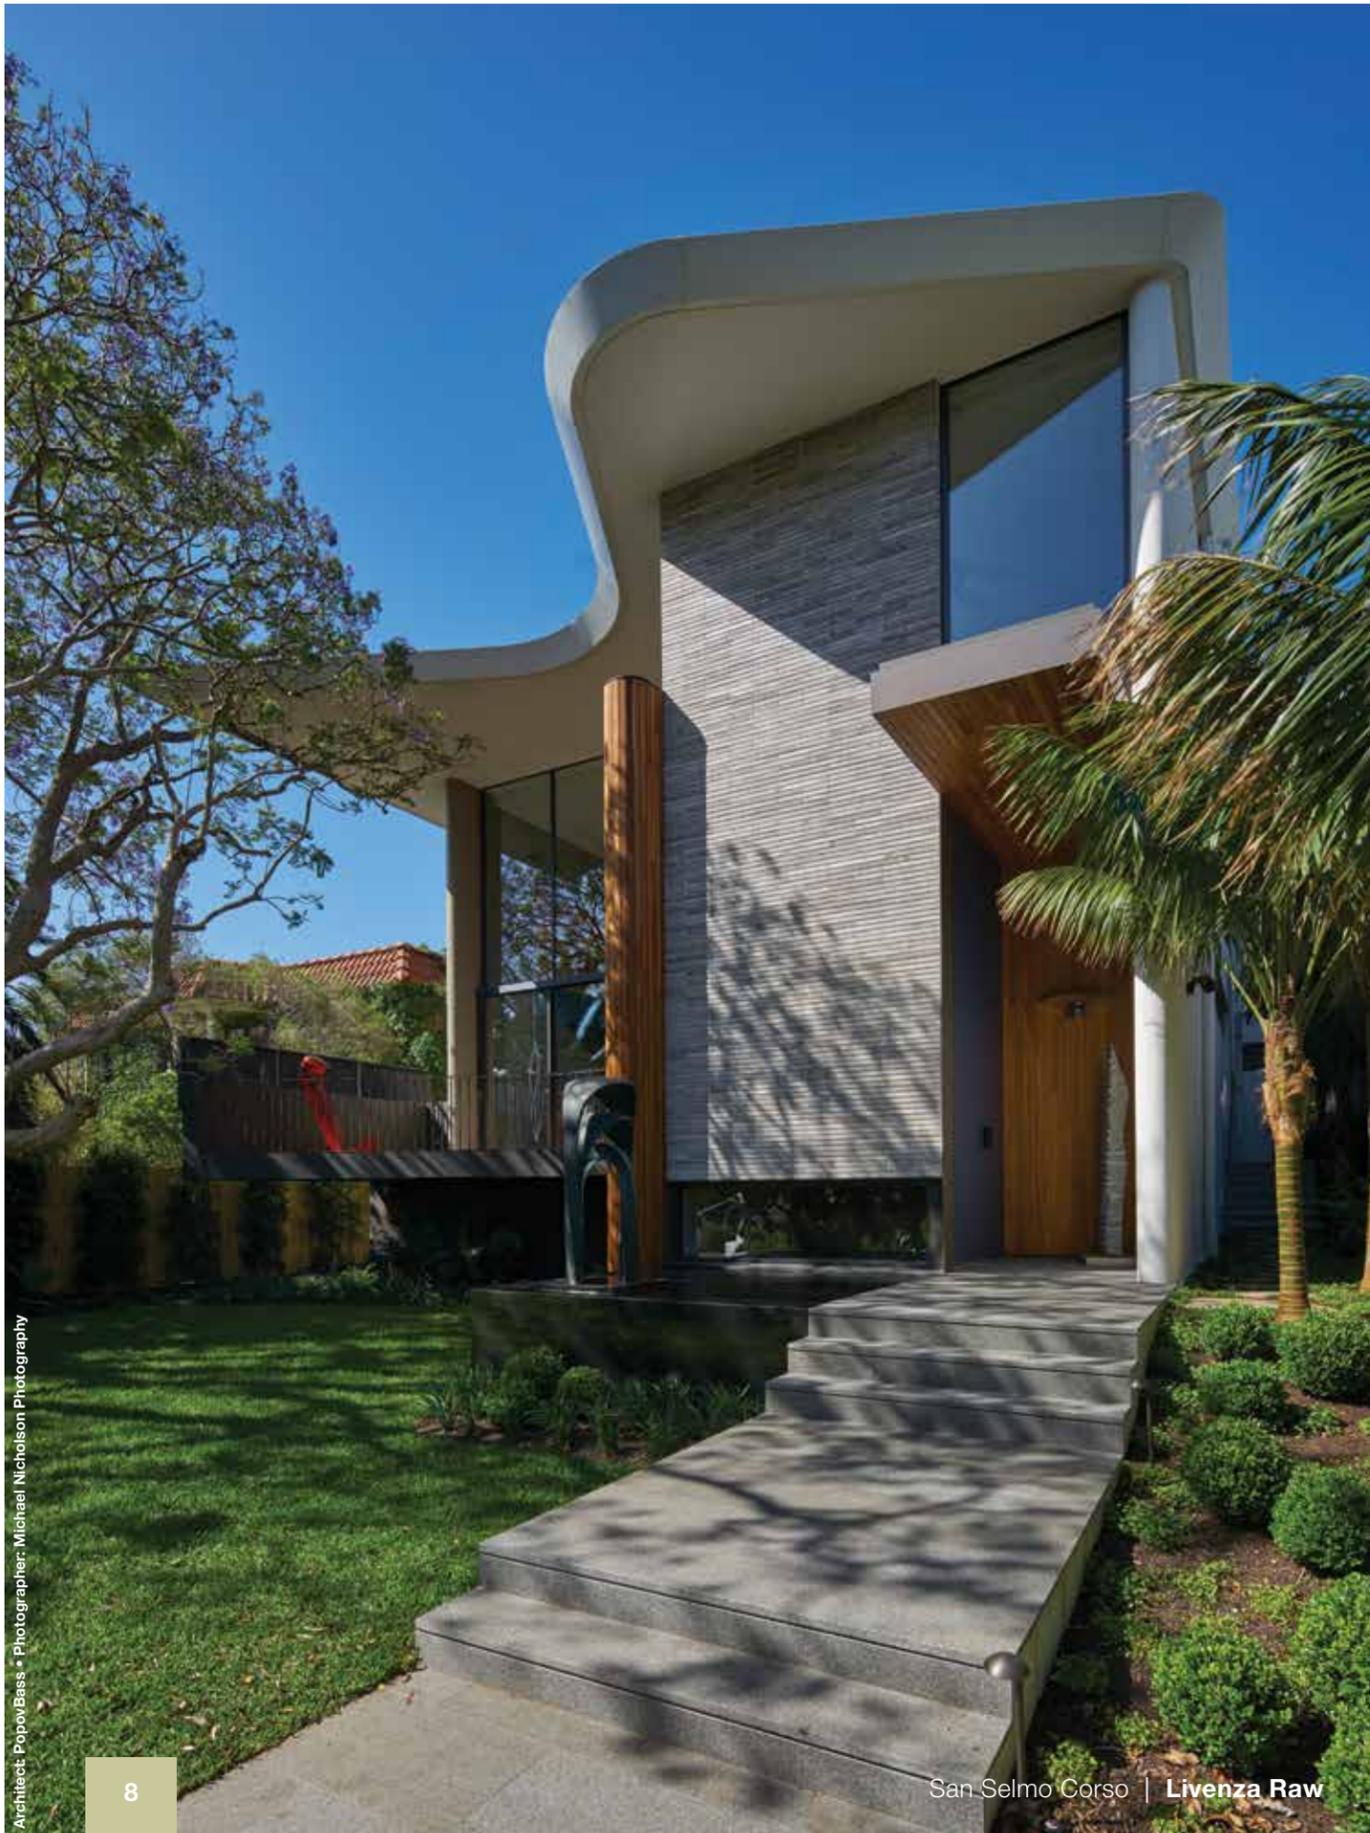

The long format brick.

It is not just an aesthetical facing, but a full solid wall. It is beautiful, strong and unique. It is the fundamental element that characterizes the work and marks the choice of style.

San Selmo Corso

Elegant and elongated, the San Selmo Corso range of solid kiln-fired clay bricks puts a bespoke stamp on contemporary architectural projects. Made in Italy, the sleek linear size is more than twice the standard brick length, with a custom aesthetic that elevates any residential or commercial environment.

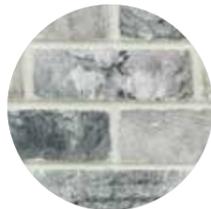

Corso: 3 15/16" x 1 9/16" x 19 11/16" (For raw and textured.)

San Selmo Smoked

A new generation of architectural interior and exterior cladding — clay brick with a colored body in shades of gray. These solid molded brick possess modern character and emotionality. The smoked brick range defines the modernity of spaces, while keeping an intimate atmosphere.
