Rustique

Oyster Point

Middle Plantation

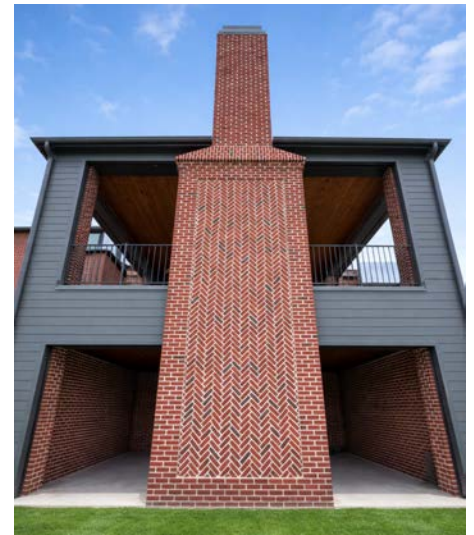

King William

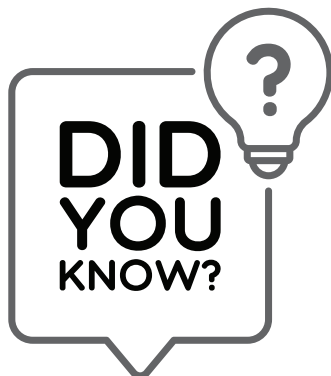

Royal Plum Full Range

Sahara

## LONG FORMAT BRICK:

A long format brick is significantly longer than a standard modular size brick - and are typically used for modern, sleek architectural designs.

The term "long format" applies to brick that range in lengths from 18" to 24" (450-600 mm) and heights of around 1.5" to 2.5" (40-65 mm).
